astalcud Arthur (COD).	Deputy Director for Science and Technology	
	Deputy Biroctor 100 decision in	
FROM:	Director, Foreign Broadcast Information Service	
SUBJECT:	Advance Work Plan: Personnel Management	
REFERENCE:	ANP, Management Goal Number 1	
4 TTTT 1	amplitud the office personnel structure with a	
view toward det numbers of pane was that it was from 14 to 11; reorganization distribution of Our preliminary	the makeup of panels. Our general finding advisable to consolidate the number of subpanels this has been effected. However, before final is completed, we plan to wait for the DDCI's the Precepts for evaluation boards and panels. It is that our realignment of FDIS' subpanels out part be found to be consistent with the lill require only minor adjustments, if any.	
view toward det numbers of pane was that it was from 14 to 11; reorganization distribution of Our preliminary will for the mo Precepts and will 3. Regard have reduced the	cleraining the most rational structure in terms of als and the makeup of panels. Our general finding a advisable to consolidate the number of subpanels this has been effected. However, before final is completed, we plan to wait for the DDCI's at the Precepts for evaluation boards and panels. It is that our realignment of FDIS' subpanels est part be found to be consistent with the lift require only minor adjustments, if any.  In the number of participants on the subpanels, we he total from Again, a final decision into number will await distribution of the Precepts.	
view toward det numbers of pane was that it was from 14 to 11; reorganization distribution of Our preliminary will for the man Precepts and will 3. Regard have reduced the on the appropriate	cermining the most rational structure in terms of als and the makeup of panels. Our general finding a advisable to consolidate the number of subpanels this has been effected. However, before final is completed, we plan to wait for the DDCI's the Precents for evaluation boards and panels. It is that our realignment of FBIS' subpanels est part be found to be consistent with the lill require only minor adjustments, if any.  ding the number of participants on the subpanels, we he total from Again, a final decision
